

Renal UMAP — celltype\_new

UMAP2

UMAP1

- Anterior intermediate mesoderm
- Ascending loop of Henle
- Collecting duct intercalated cells
- Collecting duct principal cells
- Connecting tubule
- Distal convoluted tubule
- Metanephric mesenchyme
- Nephron progenitors
- Podocytes
- Posterior intermediate mesoderm
- Proximal tubule cells
- Renal pericytes and mesangial cells
- Ureteric bud
- Ureteric bud stalk
